President Association Report

In June 2014, ALOSI - the Chilean Association of Independent Loss Adjusters - became IFAA's President Association, represented by its President Felipe Hoetz (photograph below). This is the first time that a Latin American country holds the Presidency. In the first half of his term, Felipe has travelled extensively and presented at conventions and seminars representing the IFAA.

At the 5th Educational London Conference, held in June at the Willis building, he was part of a panel, which was followed by a Q&A session and he made a presentation for the Conference's final comments (please click [here](#) to view it).

In July, he was invited to make a presentation at a seminar organised by Chile's Securities and Insurance Superintendence (SVS) and the Latin American Association of Insurance Supervisors (ASSAL) titled "Regulation and Supervision of Market Conduct". At this event, the U.S. National Association of Insurance Commissioners made a presentation titled "Regulation and Supervision of the Market Conduct in the United States" (please click [here](#) to view both presentations).

In August, Felipe was invited to make a presentation at the Annual Convention of Chile's Association of Banking and Retail Insurance Brokers.

In September, Felipe returned to London and he was invited to attend the 12th version of Swiss Re's Insurance and Reinsurance Conference in Mexico City.

He came back to London in October for the 2nd "Chile Insurance Day" after a successful first experience in 2013 in London and Miami. This event was held at Lloyd's and co-hosted by the Chilean Insurers' Association. Gabriel Anguiano, Latin America Market Development at Lloyd's was joined by Jorge Claude, Executive VP of the Chilean Insurers' Association and Mr. Carlos Pavez, Chile's Securities and Insurance Superintendent. Presentations were made regarding market conditions in Chile and the development of a claims cooperation/control agreement between the Chilean Market and Lloyd's (please click [here](#) to view the presentations).

Later that month, Felipe was invited to attend a seminar hosted by the Chilean Association of Brokers titled "Changes in the Insurance Market: Two visions". At the end of October, Felipe was invited to attend Munich Re's "Renewable Energies Seminar" in Buenos Aires, Argentina. In November, he was invited to attend Swiss Re's first webinar in Spanish, titled "Export Products Liability". In early December, Felipe is back in London to attend this year's last IFAA Board Meeting.

In the second half of the Presidency, Felipe will host the 6th Educational Conference in Miami, on the theme of Catastrophe Claims with a Latin American focus. This event will take place on May 19th and we are in the process of confirming key speakers and sponsors. He will also assist in promoting the 2015 FIDES Hemispheric Insurance Conference, which will take place in October in Santiago, Chile. For more information please visit www.fides2015.com

Catastrophe Insurance in Asia

At the start of September Paul May, IFAA Director at Large, presented in Jakarta, Indonesia at the Asia Insurance Review 12th Conference on

Catastrophe Insurance in Asia. Paul's presentation was entitled 'Key Issues in Achieving Prompt and Fair Settlement of Industrial and Commercial Claims Arising From Catastrophe Events' and is available to view online by clicking [here](#). The IFAA supported the event providing our Fellows with discounted registration. During the visit Paul met with the Chairman and deputy Chairman of IFAA member for Indonesia APKAI.

Events

IFAA 6th Educational Conference

To be held in Miami on the 19th May 2015, the Conference is intended to support the current 'Americas' profile of the IFAA's President, Chile and Deputy President, Canada.

The Conference will focus on Catastrophe Claims issues specific to South and North America. Simultaneous Spanish - English translation facilities will be provided.

To receive information direct to your inbox as soon as it's available please email sec@theifaa.net to communicate your interest.

IFAA AGM & 7th Educational Conference

In June 2015 the Presidency is moving from ALOSI to the CIAA with an AGM to be held in Toronto.

Plans are underway for the 7th Educational Conference in Toronto. The Conference will focus on Cyber Risk.
